

South Beaverton Neighborhood

2010 YEAR IN REVIEW

December 2010

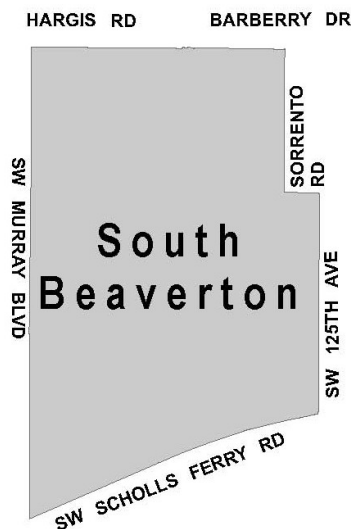

Thanks to all of the volunteers who made 2010 such a successful year!

Hiteon Park

The South Beaverton Neighborhood Association helped the neighborhood create a public forum to discuss issues, concerns, and opportunities in the neighborhood including concerns about graffiti and the safety of street crossings on the bike and pedestrian path that goes through the neighborhood.

Through regular communication at meetings with the local Community

Police Officer and a presentation from Beaverton's Public Works, options were considered and discussed and action was taken. Public Works helped to fabricate and install signage to report graffiti where neighbors wanted it and improvements were made to several crossings to improve safety. Public Works staff also held a clinic on how best to remove graffiti from various surfaces, since the best tactic to combat graffiti is to remove it as quickly as possible.
